THE CHAPMAN HOMICIDE.—Referring to the last hours of Chapman lately shot in San Francisco by Eoff the *Call* says

M Lent on being sworn, stated that he was with Chapman from half an hour after he was shot, until his death Chapman declared that he could not live Witness asked the deceased if he desired the attendance of a minister to pray with him He replied that he did not that he was perfectly happy, had forgiven every one, and was resigned to death When asked about the affray, Chapman stated that he had fired the first shot, that as he entered the room, he found that Eoff had him covered from the pocket, and he (Chapman) had to be quick, and that he was too quick, and Eoff murdered him.

Upon the subject of the committal of Eoff, the *Bee* contains the following dispatch.

Judge Cowles sent Eoff to the Court of Sessions on a charge of murder in the first degree. He said in his charge that no act of his should ever cheapen life in San Francisco. He believed that if he should admit the prisoner to bail, or discharge him, it would be like offering a premium for murder It would only be necessary for a man desiring the death of another to prepare himself, and then by a systematic course of abuse compel his antagonist to commit some overt act and then shoot him down He would consequently hold the prisoner to answer the charge of murder in the first degree The prisoner sat during the argument of the prosecuting attorney and the rendering of the decision of the Judge, apparently unmoved, yet the close observer could detect from the quivering lip, after he had been removed from the Court room and placed within his cell, that his courage had given way, and he sobbed aloud as if his heart would break

LEGAL TENDER QUOTATIONS.—The *Democrat* says that, the first quotation of Legal Tender Notes at 65c in this city was at a time when San Francisco news fixed them at 67@70c. This is incorrect The San Francisco quotations in the *Bulletin* of the afternoon of the 17th, the date in question, were 63@69c, the medium being 66c We fixed the rate at 65c on our own volition, and no private individual has furnished us with quotations, nor do we publish those of San Francisco but those of this city, for reasons already made public. Those reasons are satisfactory to the business community, and our course in this matter has met almost universal approval. To-day the currency of this country is almost purified of paper money and it is our purpose to assist in keeping it so.

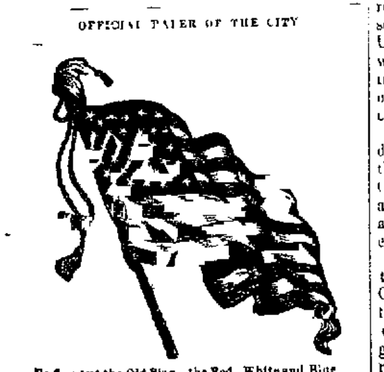
OFFICIAL PAPER OF THE CITY



No flag but the Old Flag—the Red White and Blue
With the stars of a Union unbroken and true
Arise and defend it! ye sons of the brave
Whose blood bought the banner your valor must save

WEDNESDAY MORNING FEB 11, 1863

Godless Money.—Dr Boardman, an eminent divine, says that if the United States were swept out of existence to-morrow, her coinage would not indicate whether the country was inhabited by a Christian people or not. The antiquarian seeks for proofs of the religious character of the people in the numismatic remains which he may find, but it is said that he would find none in our coinage. It might be thought that we worshipped the Goddess of Liberty, whose profile adorns our coin; or the American Eagle, who flaps his wings on one side of every piece of money. Too many people worship the representation of American sovereignty in the shape of an X; but that is neither here nor there. Dr Boardman proposes to inscribe something on our coins to indicate our religious belief. We consider this entirely unnecessary. If we perish as a nation, it is unnecessary to perpetuate a remembrance of either institutions or religion which were incapable of purifying and saving us; and if we continue to exist, we hope that Religion will be perpetuated for ever, flowing along the current of our history as a nation, in company with Union and Liberty, which is the end and object of the Union itself.

Get Vaccinated.—Our Victoria summary of news will inform our readers of the continued ravages of the small-pox in the British provinces adjacent to us. We cannot hope for much longer exemption from this plague. One case has already been brought from Victoria, which proved fatal, and we are in hourly danger that the contagion may break out here. The San Francisco steamer of the 17th will come by way of Victoria to this place, and before its arrival every person here should be safe from the disease. No mother ought to allow any time to elapse before securing her children from this malady, and grown people should have sense enough to act for themselves. By timely action in [illegible] after we may escape the disease entirely. Persons who have been vaccinated will do well to remember that, vaccination is no safe guard against the small-pox after the lapse of from five to seven years.

Weather and Mining at Canyon City.—By a gentleman just down from the John Day mines, we learn that the snow was about three feet deep on the 1st of February, at Canyon City, and fully five feet on the mountains where the trail to Grand Ronde Landing crosses. Stocks of provisions were abundant on John Day, but there was little or no fresh meat to be had at any price. A great many miners who had been to Boise in the early part of the winter, had returned to Canyon City, and neighborhood, to wait for more favorable weather before venturing for that section again. On account of the cold weather, mining was entirely suspended in the John Day mines.

Constancy.—The Lewiston paper, of the 31st of January, says, "one of the editors of the *Golden Age* was legitimately married the 3d of February, 1862, and has a wife at the present time." We congratulate our Lewiston cotemporary on remaining married an entire year, and ask his pardon for mentioning the fact that, connubial felicity is seldom so long-lived in that section of country, and he may well be proud of the distinction of being a Benedict of a year's standing.

General Tom Jordan.—General Tom Jordan, formerly in the military service in this State, writes to a Wasco county friend that, "it is somewhat impossible to conquer the Sunny South." The Cayuse Chivalry would like to have this assurance from a more discriminating source, but unreliable as it is, they will doubtless take much comfort from it.

Walla Walla News.—From the Washington *Statesman*, of the 31st of January, we compile the following summary of news.

Mr. Tracy, the agent of Messrs Wells Fargo & Co., has made arrangements to establish a branch of their business in Auburn, and Mr. W G West is appointed the resident agent.

Some speculators who had been buying greenbacks in Portland at 83c, to pass at par at Walla Walla, met with heavy losses by the sudden depreciation of that species of currency. This will be rejoiced at by a wide circle of disinterested persons who are not acquainted with the speculators and don't want to be.

Two subscription schools have been opened at Walla Walla, with Misses Brattain and McAlexander as teachers.

The Walla Walla and Grand Ronde wagon road company have organized and elected the following officers: Directors—Samuel Linkton, J. H. Fairchild, and George DeLaney; Secretary and Treasurer, A. Mix.

Mr. A. H. Robie, the pioneer saw mill man of the upper country, is having one of his mills brought down from Lewiston, and intends to take it over to the Boise mines, so soon as teams can cross the mountains.

Late advices from Boise mines say that a large pack-train, loaded with flour, recently arrived there from Salt Lake.

Considerable numbers of miners were arriving at Walla Walla, destined for the various camps. The weather was particularly fine in Walla Walla valley.

LATER FROM THE EAST.

A late Jackson (Miss.) *Appeal* says: In the rebel Congress, Jan 15th, [illegible] of Tennessee, [illegible] a resolution sending Commissioners to the United States, setting forth the terms upon which the South will consent to peace. He intended offering a resolution to that effect in order to throw the responsibility of further carnage on Lincoln.

Cairo, Jan 30.—A Vicksburg correspondent of the Jackson *Appeal* anticipates that the next movement against Vicksburg by Grant's army will be made by marching around through the interior of the State and attacking in the rear. He says the Confederates are fully prepared for such [illegible].

Washington, Jan 30.—In the House yesterday a resolution passed instructing the Committee of Ways and Means to inquire into the expediency of an Act prohibiting banks and individuals from receiving deposits of gold to secure the payment of money borrowed, and that they inquire whether such an Act will not prevent speculating in gold and thereby protect the Government and people from the evils of such speculation.

Washington, Jan 30th.—A dispatch is said to have been received from General Dix at Fortress Monroe stating that he had been informed by telegraph from General Peck, commanding our forces on the Blackwater, that in an interview which he just had with the rebel General Pryor, the latter General stated he had information of a very recent engagement near Savannah in which the rebels suffered a defeat.

The Navy Department has information of the capture of the English steamer *Antona* direct from England via Havana, by the gunboat *Pocahontas* on the 6th thirty miles from Cape San Blas.

New York, January 30th.—Sterling exchange, 172@173; gold opened at 59, closing firm at 58.

New York, Jan 30.—The news this morning is meager and unimportant.

A special Washington dispatch says that it is ascertained that the rebel Government has regularly commissioned officers at St Thomas, Bermuda and Jamaica, and at all the principal points on the Spanish Main. These agents constantly communicate with the insurgents and advices received by the pirate Semmes are communicated regularly through the same source.

Fairfax Court House, Va, Jan 29.—The cavalry raid on the 27th, a brief account of which has been published, captured deserters and several prisoners. Among the latter was the Rev Landstreet, Gen Stuart's chaplain. All the prisoners seem to be well posted regarding whatever is going on within our lines. They also admit that but little is to be expected from their new conscription act, as nearly every available man was already in the field. The new conscription provides for the enrollment of all persons between the ages of 18 and 45.

New York, Jan 31.—The Atlanta (Geo) *Intelligencer* of the 20th says that resolutions have been introduced by Mr Foote in the Confederate Congress, bearing upon the reconstruction of our (the rebel) Government with the Northwestern States. It remarks:

We desire solemnly to protest against them. We trust that the resolutions will be tabled by Congress whenever taken up to be considered. We are fighting this war for Southern Independence, and for the Government of the Southern States recognizing African slavery as an institution ordained by God as beneficial to mankind and as a necessity in our social and political relation as States, and in our intercourse with all nations or States.—Hence the admission of free States into our Union, notoriously repugnant to us, will be but a continuance of that evil which has brought on the war, and which to get rid of we are now fighting. If the Northwestern States shall shake off the rest and set up a new Government for themselves, and desire to be at peace with the South, no barrier will be placed in their way by our Government. We shall be willing to treat them as an independent Government—in peace as friends, in war as foes.

Washington, Jan 30.—The Navy Department have received the report of the Court of Inquiry into the Galveston affair. One witness, a rebel, testified that 110 men landed from the *Harriet Lane*. If this is so, the loss cannot be so great as previously reported.

Among the appropriations in the Navy Appropriation bill, is $12,000 for Mare Island Navy Yard, California.

Later.

Washington, Jan 31st.—The Administration is engaged, through eminent counsel, in preparations to bring before the Supreme Court the question of the power of the President, in time of rebellion, to suspend the writ of *habeas corpus*. They are determined to settle the question without delay.

The prospect is that the Senate, which has recommended the Missouri Emancipation Bill, will grant $10,000,000, the amount fixed by the House, and will require the abolishment of slavery at once.

Maj Gen Hooker is here to-day. Nothing new from the Army of the Potomac.

Fortress Monroe, Jan 30.—The rebels crossed the Blackwater and Gen Peck sent a force against them, driving them back with considerable loss. The rebels retreated towards Franklin.

New York, Feb 2d.—New Orleans letters say the *Harriet Lane* escaped, chased by the *Brooklyn* and two gunboats.

Baltimore, Feb 2d.—Richmond dispatches announce the capture of a British steamer, *Princess Royal*, while attempting to run the blockade off Charleston. The vessel had a valuable cargo, including cannon, steam engines for gunboats, rifle powder, &c. A party of Englishmen skilled in the manufacture of projectiles, were also captured. The pilot and part of the crew escaped.

Cairo, Feb 2d.—From Vicksburg we learn that water in the cut-off is from 2 to 4 feet deep. River men think it will be of no practical value, but military engineers differ and are going on with it.

A Richmond dispatch says 3,000 Yankees are at work on canal intending to float vessels through and land troops below. The Yankee force is about 80,000.

Fortress Monroe, Feb 1.—The following is an extract from a dispatch from Paymaster Felton on board the steamer *New London*: We arrived off Galveston at noon to-day (Jan 31st). Orders were given to prepare for action. The *Brooklyn* stopped about two miles from the fort, while the *New London* and *Scotia* went close in, to draw out if possible the enemy's batteries. The ball was opened by the *Brooklyn*, the *Scotia* following with her 11 inch Parrott guns. No reply was elicited. We then advanced to within a mile and a half, and opened on the encampments. We were rolling tremendously and had to fire as we were rising. Our starboard guns, however, poured in shell which exploded inside of the fort, and brought down the rebel flag. After firing several shots the action ceased. As we retired the rebels opened on us with a full battery. We gave a broadside and a half. *Scotia* sent three shells, all of which exploded in the battery. On Monday we shall try to open the fort. Galveston is [illegible] town.

New York, Feb 2.—The destruction of the pirate *Oreto* was confirmed by the arrival of the [illegible] at Havana. New Orleans [illegible]. It was reported [illegible] heard off Matanzas that heavy firing had been [illegible] and Carleans [illegible] coming from vessels in serious conflict at sea. It was stated that the *Florida* and some rebel vessel had been captured by the Federal gunboats, but with what result had not been known. The *Oreto* afterwards arrived at Havana with news that she had spoken the Federal gunboat *Carthage* with the report that she had seen a steamer on fire and supposed it to be the *Florida*, and that other vessels were firing at her.

[illegible] writes that he has solicited the interference of France in our affairs.

Salt Lake City, Feb 1st.—Col Connor's command had a desperate battle with the Indians on Bear River, 140 miles north of here, killing 224, and many are supposed to be drowned. They also took [illegible] prisoners, destroyed the lodges, provisions, &c. Col Connor's loss was three killed and [illegible] wounded.

Sacramento, January 31st.—The Phelps men are casting about for a new candidate, and Rhodes of Santa Clara is talked of, but he is too pure a man to be used. It is generally conceded that Conness cannot be prevented from obtaining the nomination. Many believe that the Phelps men will not produce their witnesses on Tuesday night, but let his case go by default.

Judge McKune has issued an injunction restraining the State Controller from transferring the Swamp Land Fund to the General Fund, the $184,000 ordered to be so transferred by act of the Legislature, which act has been in the Governor's hands ten days and become a law by constitutional limitation to-day.

San Francisco, Jan 31.—The *Sonora* took $1,476,097 in treasure and very few passengers. Among them, Thomas Brown, special agent of the United States, who goes to Havana to collect facts regarding the recent seizure of cigars here.—Solomon Haas was arrested on the steamer by the U S Marshal. It is reported that he is connected with the cigar smuggling case.

☞ **Coughs.**—The sudden changes of our climate are sources of Pulmonary, Bronchial and Asthmatic Affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stage of the disease, recourse should at once be had to *Brown's Bronchial Troches*, or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. Public Speakers and Singers will find them effectual for clearing and strengthening the voice. See advertisement. dec16daw3m

Storage.—The Fire Proof Stone Ware House, opposite Umatilla House, is the only building not made of wood (the Dalles) where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 00 per ton per month storage, and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

HEENAN ON THE RAMPAGE.—The Tiverton (Eng.) *Gazette* of 17th December, says

One morning last week the American champion, Heenan, conducted himself very improperly on proceeding from Torrington to Bedford with Howe's circus. Mr. Hammon, the toll collector at the Torrington turnpike gate, when Heenan was passing the gate, demanded ninepence as toll for the vehicle and horses he was driving. The latter refused to pay the toll, alleging that the agent in advance had discharged the tolls. The collector, in a most civil manner, assured him that such was not the case, when Heenan poured forth a volley of the most disgraceful language, swearing that he would smash the collector's head. To this Hammon coolly replied that it would do him (Heenan) no credit to strike a poor old man like him, and assured him that a little Englishman named Tom Sayers, had thrashed him once to his heart's content, and could do so again. Upon this Heenan assailed him with language not to be repeated, having at the same time a respectable looking female sitting by his side, and throwing the collector a shilling on the ground, peremptorily demanded the change. The old soldier, not to be outdone in politeness, picked up the shilling from the mud and quietly deposited the three pence change in its place. The Benicia Boy, bursting with rage, had to descend from his carriage to pick the change out of the dirt.

NEW SCHEME.—Among the rumors that distract counsels at Washington, is one that the rebels are about to try a new dodge; that, under the lead of Alexander Stevens, the rebel States will repeal their ordinance of secession, and declare themselves constituent parts of the United States; raise the old flag of the Union; lay aside the character of rebels, and announce that they are in the field only for the purpose of restoring the old Union as it was and the old Constitution as it is.

WINKED OUT.—T'Vault's Jacksonville *Intelligencer* has winked out. It never was a very bright light in the newspaper world.

Portland R. A. Chapter, No. 3.—There will be a stated convocation of Portland Chapter, No. 3, on Thursday evening, Feb. 12th., at 7 o'clock.

Members and sojourning companions are requested to attend punctually.

White's Fever and Ague Drops For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success Indeed, in no instance has it failed to effect a speedy cure, in Ague especially one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the results of the medicine alone A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville, and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you are suffering from Neuralgia or Rheumatic Pain apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhœa or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely and you will soon relieve pain, and the swelling will be reduced

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally

News from the British Possessions and the North-West

We have files of Victoria papers to the 6th inst., from which we compile the following summary of news

The small-pox appears to be on the increase at Victoria, and it is found that re vaccination is necessary to insure safety from the loathsome disease Miners going to Cariboo are urged to get themselves vaccinated The effect of the disease in summer camps in the mines would be horrible beyond imagination

Upon the main land the disease has well nigh exterminated the native population, and the whites are extensively infected with it The efforts to stay its progress, so far, have been entirely ineffectual

The *Colonist* gives an account of a desperate affray which lately took place in Cariboo, in which a man named Tom Handling was severely wounded by a man named Bowen Handling is a man of gigantic strength After repeated threatenings he attempted to beat and shoot Bowen, who drew a knife and stabbed him, so that it is believed he will not recover. Bowen was formerly engaged in carrying the mails between Shasta and Weaverville, in California He was arrested for stabbing Handling, but will be acquitted

News from Cariboo is to the 25th of December:

On William Creek, the snow and ice were three feet deep. Mining was entirely suspended, except in tunnel claims.

Provisions were plenty at the following prices. Flour, 90c per lb, bacon, $1 25 do, beans, 90c, butter, $3 25, sugar, $1 50 beef, 35 to 40c; cheese, $3 25, vegetables, none to be had at any price, candles, $2 25, tobacco, the last sold was at $4, but it was all sold out.

There were not any persons at work above the town of Richfield. Mr Cameron was making preparations to start, on New Year's day, with the remains of his deceased wife. The trouble and expense attending such an undertaking can scarcely be over estimated, and proves how deeply rooted must have been the attachment of the husband in this instance for his wife. It will take a great number of men to carry the corpse to the top of the mountain, and it will be a matter of extreme difficulty, when one considers the depth of the snow they will have to pass through The estimated expense of conveying the body to Victoria is not less than $1,000.

About fifteen men were wintering on Keithley's Creek, and no work was going on. New diggings have been struck in the banks of Lightning Creek. Only two men were at Antler Creek, who were engaged in guarding the goods stored there.

A new bridge is in progress across Swift River, opposite Dud Moreland's. He is doing the work, with six men engaged upon it It will be finished by the time the miners are going up, and will be the means of facilitating the traffic very much.

Twenty-five men are wintering at the Forks of Quesnelle river. Thirty men were at Beaver Lake Two hundred head of cattle at Alkali Lake were doing well. Frazer river was frozen across at Lilloet, and men and stock were crossing on it

There are some Bactrian camels in British Columbia, and it is proposed to put them on the Bentinck Arm route to the Cariboo mines, for which they are especially adapted.

New Canal in Holland.—The Dutch are not satisfied with the canals which they already have, but have planned another of greater dimensions than any yet built The following extract explains the character of the improvement:

It is proposed to construct a ship canal from Amsterdam through North Holland towards the sea; to be 13 miles long, 250 feet wide, and 24 feet deep. This canal will shorten the distance from Amsterdam to London, and all ports south of the Texel, by about 80 miles, so that vessels will now be enabled to reach the sea in a few hours, whereas the present journey over the Simluger and the North Holland canal now occupies several days, and sometimes weeks. In order to form a safe sea entrance to the canal it will be necessary to construct enormous sluices and an artificial harbor on the unprotected coast of Holland, the piers of which will extend more than a mile into the sea. This will be the chief engineering difficulty to be overcome With the undertaking is connected the reclamation of the Y, containing 15,000 acres of rich alluvial clay, and when reclaimed is estimated to be worth £1,000,000 The total capital required is estimated at £1,500,000, upon which the Dutch Government guarantee an interest of four and a half per cent. The concessionaires are J E Jager, of Amsterdam, and the English engineers, B. W Croker and Charles Burn. These gentlemen have been ten years maturing this project, the concession having been originally asked in 1852.

Complimentary.—The Richmond *Examiner* of the 29th of December, contains the subjoined compliment to the Jewish population of the rebel capital

One has but to walk through the streets and stores of Richmond to get an impression of the vast number of unkempt Israelites in our marts, and of fat and gaudy non-conscripts who wait behind the counters of the extortioners. Every auction room is packed with greasy Jews, and the exhalations of the foreign element go up from every den of extortion in Richmond

Here's Know Nothingism enough for you and Virginia and South Carolina ever was the very hot bed of that political element The greatest, bitterest, and most inveterate enemies the foreign population of America has, exists among the leading secessionists and aristocrats of the rebel States.

An Old Trafalgar Man.—There is now serving on board of the Peninsular and Oriental steamer *Ceylon* an old sailor named Cracker, who entered the British navy in 1800. He fought under Nelson at Copenhagen in the frigate *Arethusa*, and on board the *Mars* seventy four at Trafalgar, where he was wounded in the leg. Ninety seven of his comrades were killed outright in this action, besides those who died afterwards of their wounds. He subsequently served at [illegible] Flushing and Greece, and was present at the taking of many prizes and minor engagements on the sea. On board of this present ship he bears an excellent character, and what is remarkable is that though 77 years of age he is one of the best [illegible] men in the ship. Captain Evans has some time since kindly given directions which exempt him from going aloft. The old man left the royal navy in 1835, and has since enjoyed a pension of 1s a day. He has a wife who is 65 years old, and four children living out of twelve. It is believed he is the only existing instance of a first class powder boy at Trafalgar (October 21, 1805) still serving as an able bodied seaman in 186[illegible]

The Way They Did It.—We lately enjoyed an account of how Tom Santon of the Lewiston *Age* enjoyed clams [illegible] among the Indian *clootchman* He puts in the following additional explanation, including an interesting account of how Indians cook clams

The article alludes to Puget Sound and its lovely shores, where shell fish of all description abound, and where Siwash [illegible] cook them for gentlemen, in the ground, by heating hot stones, placing the oysters or clams on them and covering them with a species of matting, keeping them air tight, thus virtually cooking them by steam. In the mean time, we have sat and "sunned ourselves" with Col Ripley, Capt. Stoneman, Capt. Whiting, Secretary Mason, and a host of other gentlemen, while the Indians were employed in cooking them without becoming contaminated by their society, or descending the scale of virtue in thought, deed or action

An Abduction by an Oran Outang.—A recent traveler in Borneo relates an abduction case, which exceeds in novelty anything which has occurred among the fast population of our large cities A monstrous female orang outang, taking a fancy to a poor Muret gentleman whom she saw bathing, dragged him by force to a tree, which she compelled him to climb, lodged him in a warm nest, with fruit and pies and cakes, and forced him from one branch to the other instead of treading the ground. The tale is a tragedy, for the ungrateful Muret not only ran away at the first opportunity, but afterwards shot the forest syren with a poisoned arrow

Proclamation by the Governor

Executive Office, Portland, Oregon,
January 0, 1863

By the President of the United States, through Brigadier General George Wright, commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry Oregon Volunteers They will be needed the coming Spring on the frontiers of this State and Washington Territory, and for an expedition against the Snake Indians who have so long been mercilessly engaged in robbing emigrants and murdering our fellow citizens I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military services will in like manner respond to this call thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers

The enlisted men when mounted will be supplied with horses by the United States it being understood that they will be mounted or not as shall be deemed advisable by the Government

Propositions to raise a whole company which will furnish their own horses and horse equipments may be entertained The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland, Dalles City, and perhaps at other places By the Governor,
ADDISON C GIBBS
Cyrus A. Reed, Adjutant General
